Corporate Sponsorship

Dear Prospective BIG and BOLD, BLACK and GOLD Gwynn Park PTSO Sponsor:

The Gwynn Park PTSO exists to promote and stimulate the youth at Gwynn Park High School thru academic, social responsibility & music education in the Accokeek, Aquasco, Baden, Brandywine & Clinton communities. The music program of the award winning Gwynn Park High School Band is still relatively new and entering its 3rd year under Mr. William Lake's direction. You may have heard that our band competed in Canada last year and placed 2nd in competition. This was an extraordinary accomplishment for any band program, and this year the band has doubled in size and is projected to increase next year by 35%. We are in need of additional marching band uniforms.

Under the leadership of our Band Director, **William Lake**, our band program has grown to represent the highest principles embodied and service to our community.

Mr. Lake has established, and continues to nurture, a standard of excellence for the students that reaches beyond the boundaries of our campus to profoundly impact the Brandywine/Clinton & Accokeek communities. His tireless dedication to these students and his insistence that they challenge themselves to reach beyond their own accomplishments, has literally changed the complexion of the marching band and raised the standard for all of the bands competing in this area. We ask that you celebrate this commitment by sponsoring the band through your generous donation so that this program can continue to reach students who otherwise may never have found their voice.

Funds are also being raised to support the "Yellow Jacket Scholarship Fund" - the goal is to send Gwynn Park High School students to either colleges, universities or vocational schools.

We look forward to establishing permanent relationships with businesses and individual supporters in the community. Our students and their families live in the community, and we will be happy to promote your support of our program on our website and wherever our band performs.

If you need further information or have additional questions as to how you can assist, please feel free to contact Charles McCormick, PTSO President at (202) 215-0345 or Cheryl Jamall, Director of Activities (240) 676-4026. events@gwynnparkptso.com,
